- The Red Lion is an Asset of Community Value (ACV), now the owner has informed MBC he intends to dispose of it, this triggered the Initial Moratorium. The PC must inform MBC by 16th July if the community intend to put in a bid for the property. If this is the case it will enter a 6-month moratorium (starting at the date the owner informed MBC of his intention to dispose and ending mid-December).
- 11 members of the public volunteered to run a group to investigate and do the necessary background work to put together a bid.
- The PC were asked to submit the letter of intent following a show of hands in the room. 33 of the 35 public supported the request. This will be taken to the July meeting of the Parish Council for a decision.
- The volunteer group will start on the information gathering with immediate effect.
